

TC-2

TrolMaster Grow Camera

The TrolMaster Grow Camera (TC-2) is engineered for comprehensive grow room surveillance, providing continuous 24/7 live video monitoring. The TC-2 features a 2K6MP high-definition image sensor and supports diverse connectivity, including 2.4G and 5G wireless Wi-Fi and RJ45 wired Ethernet. TC-2 is compatible with the HCS-1, HCS-2, HCS-3, TCS-1, and GCS-1 controllers. It delivers low-latency internet live footage, accessible through the complimentary TrolMaster TM+ Pro mobile application. For local video storage, an integrated MicroSD card slot accommodates cards up to 256GB, facilitating extensive recording. With support for multiple mounting configurations, including vertical wall-mounted and ceiling installation, the TC-2 is designed for optimal installation flexibility.

Specifications

TC-2

Input Voltage

Input Voltage	100-240V~, 12V=1A
---------------	-------------------

Working Environments

Temperature	32~122°F (0~50°C)
-------------	-------------------

Humidity	≤90% RH
----------	---------

Camera

Image Sensor	1/3 2K6 Megapixel CMOS CV6001
--------------	----------------------------------

Resolution	2K6MP
------------	-------

Recording

Storage	Micro-SD Card up to 256GB
---------	------------------------------

Format	H.264
--------	-------

Package Dimensions

Size	6.89inch / 175mm(L) x 4.49inch / 114mm(W) x 7.68inch / 195mm(H)
------	---

Gross Weight	1.61lbs / 0.73kg
--------------	------------------

IP Rating

IP Rating	IP65
-----------	------

Package Contents

TC-2 Grow Camera	1pc
------------------	-----

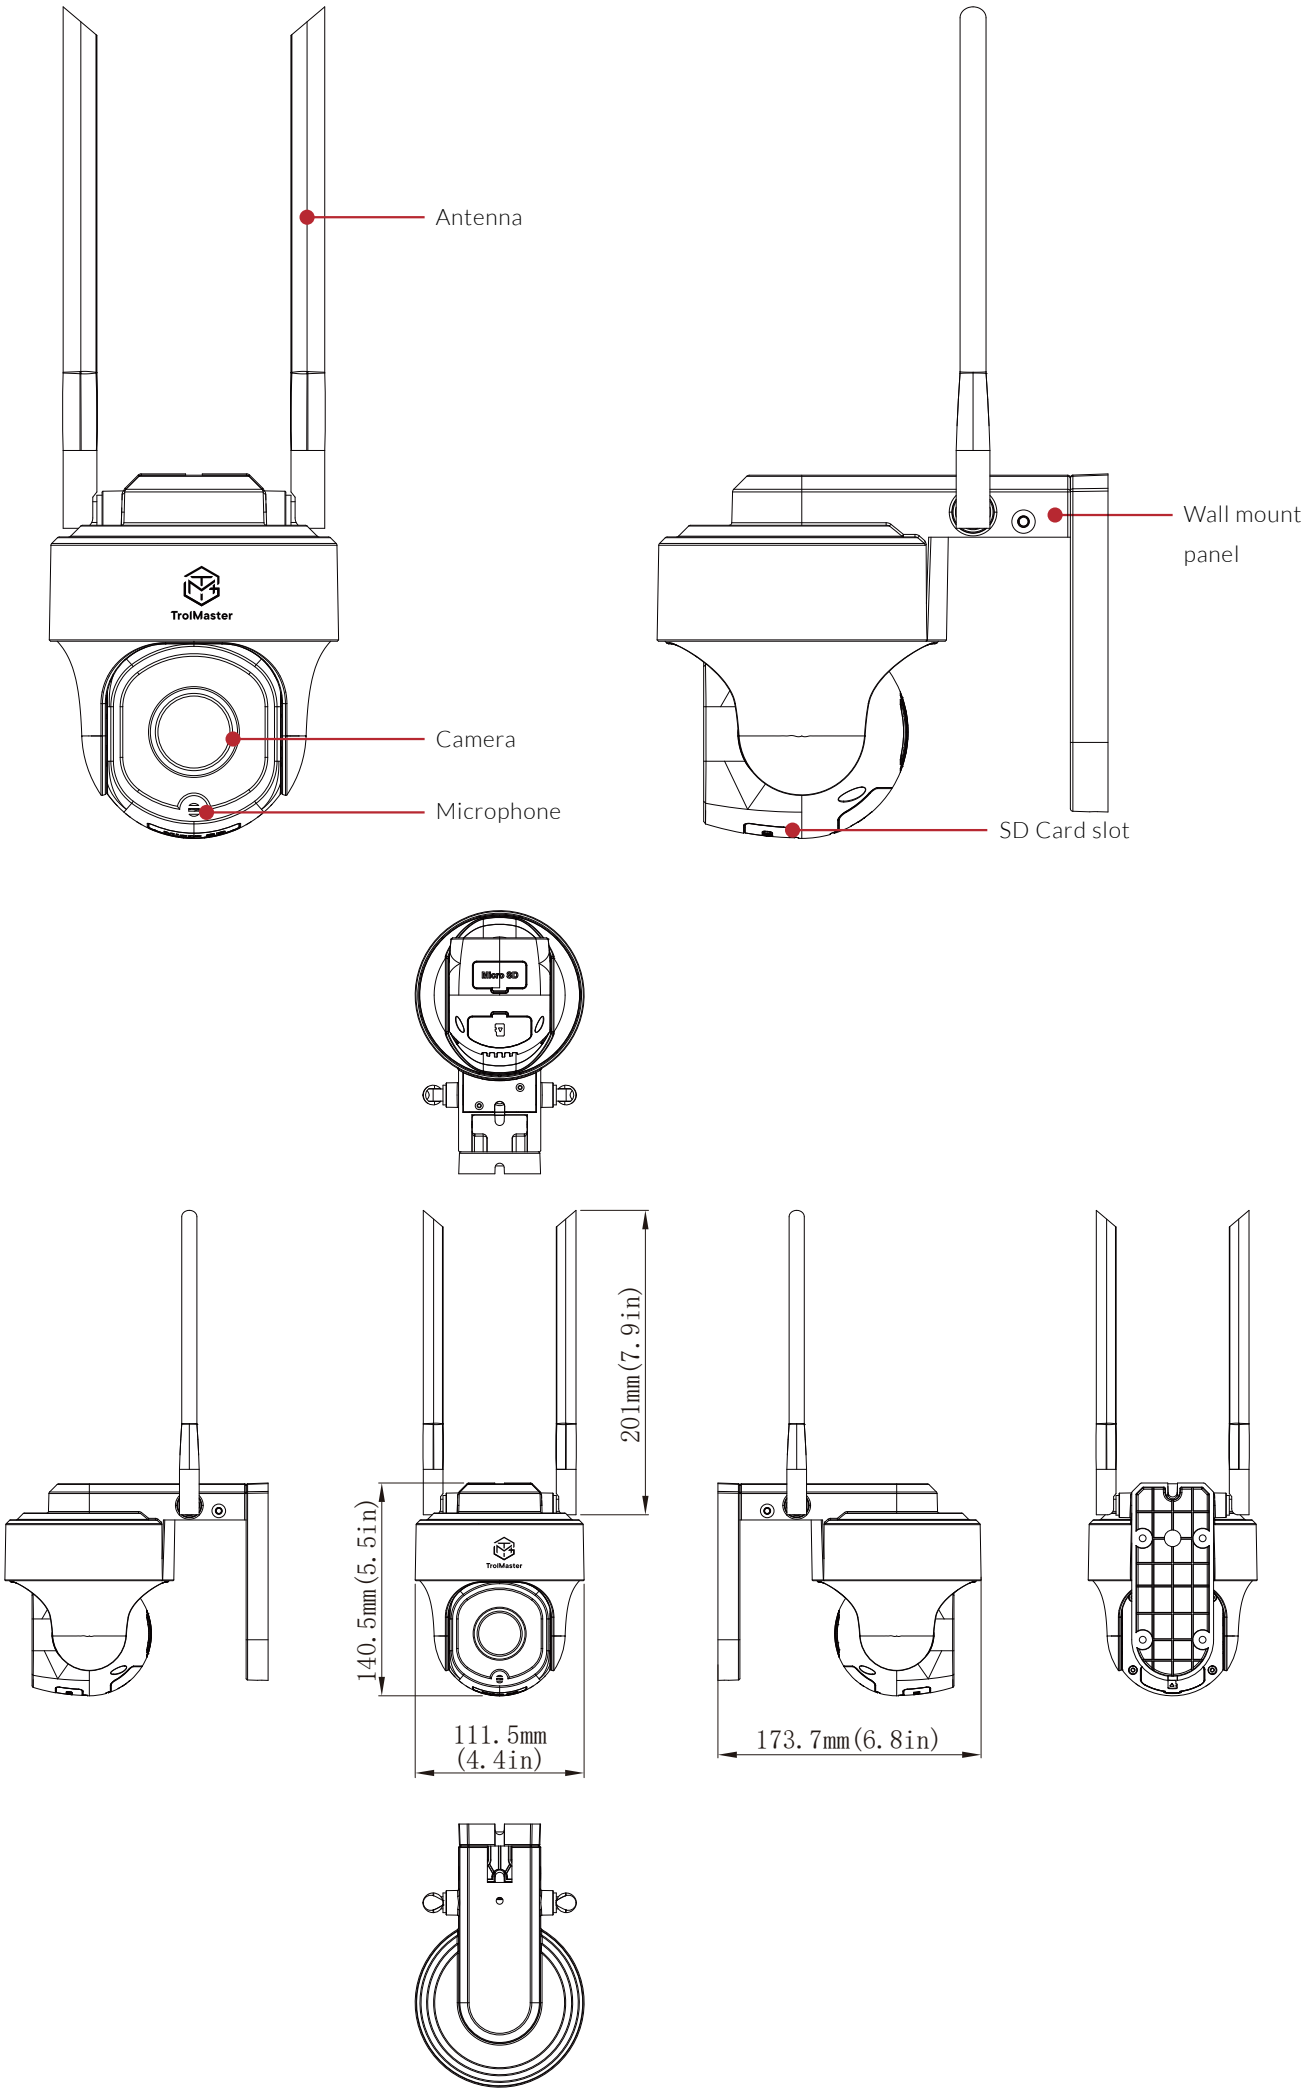

Power Adapter	1pc
---------------	-----

Wall Mount Screw Set	1pc
----------------------	-----

Water-resistant Cap Set	1pc
-------------------------	-----
